

ABORIGINAL ENERGY

Green Power Solutions

”

**Born out of pure passion
to promote the use of
clean energy in the
region**

ABOUT US

Aboriginal Energy is a Renewable Energy based Enterprise that was started with a vision to deliver sustainable energy solutions for every household.

Since our inception in 2019, we have dedicated ourselves to working with Local communities, Farmers, Businesses, and Governments to develop Clean Technology that meets the unique needs of every sector.

We strive to provide every household with a reliable solar system to generate their share of clean energy for our planet. We understand the importance of preserving our natural resources for the future.

Through our work, we hope to inspire others to join us in our mission to promote sustainable energy solutions and protect Nagaland's natural biodiversity for future generations.

” We believe that we are a part of the earth and it is a part of us.

Our Timeline
